Invitation letter for students over 16 who have not received their first dose of the Covid -19 vaccine

Dear **Parent/Carer and Student**

COVID-19 vaccination for children 16 or over who have not had a first dose of the vaccine previously.

I am writing to inform you that we will soon be offering COVID-19 vaccinations in school. If you have not had a first dose of the vaccine previously and you would like to receive one, you are able to attend to receive a dose on the vaccination day arranged for 12 – 15 year olds.

This vaccination will be free of charge and our highest priority is making it easy for children and young people to access one dose of the vaccine before the winter.

The main purpose of the COVID-19 school age vaccination programme is to provide protection to the children and young people who receive the vaccine and may help to reduce transmission of COVID-19 in the wider population.

During the vaccination delivery we will maintain the range of measures we have in place to keep you safe from COVID-19.

Once we have your consent, we will schedule the vaccination appointment.

Please indicate your consent by returning the attached form to a member of staff. By consenting you will be helping to play your part in reducing the risk of COVID-19 spreading.

Best wishes,

Juliet Brown
Programme Director, COVID-19 Vaccinations
North West London CCG
